# URC Conference Registration Maintenance System (CRMS)

## Edit 2025 Registration: Joshua Wei

Dear Joshua,

Your URC Conference Registration was submitted on 2/19/2025 at 6:39 PM.

You may review your application, but the ability to save has been removed.

Fields with a red asterisk (\*) are required.

### Registrant Information

Conference Year: 2025

\* Kerberos ID: jgwei

\* First/Lived Name: Joshua

Middle Initial (optional):

\* Last/Lived Name: Wei

\* Email: jgwei@ucdavis.edu

\* Student ID: 921619680

\* College: LETTERS AND SCIENCE: MATH/PHY SCI

\* Major:

Statistics

\* Year in School: Sophomore

\* First-time Presenter: ☒ Yes ☐ No

\* Future Educational Goals: Masters

### Academic Programs

Please indicate if you are (or have been) affiliated with any of the following academic programs at UC Davis:  
(select all that apply)

- ☐ BUSP  
☐ FYS-CUREs  
☒ None of the above  
☐ Other, program name:

### Research Experience

In order to inspire and empower more students to explore faculty-sponsored research opportunities, we are interested to know about your research experience leading you to apply to this conference. For the abstract that you are submitting, did you... *(select all that apply)*

- ☐ perform your project for a class or seminar?  
☐ perform your project as part of a major requirement?  
☒ earn course units for your project as part of an independent study (e.g., 99, 192, 194H, 198, 199)?

Course Number:

- ☐ receive financial payment for your project during the academic year (e.g., regular salary or stipend)?  
☐ receive financial payment for your project during the summer (e.g., regular salary or stipend)?  
☒ work on your project during the academic year as an unpaid volunteer?  
☐ work on your project during the summer as an unpaid volunteer?  
☐ other, please explain:

\* Research Category:

\* Does your project relate to theme of Global Affairs / International Perspective? [?](#)

☐ Yes
 ☒ No
 ☐ Maybe/Not Sure

If you indicate "Yes", then we will provide your name and project title to the Office of Global Affairs to be contacted regarding special opportunities for presenting, publicizing and/or funding your research or design project.

\* Do you plan to submit some part of your research, scholarship or design project for publication in a peer-reviewed journal (as either a first author or a co-author)?

- ☐ Yes, I have already submitted or published a manuscript describing details related to my project  
☐ Yes, I plan to submit a manuscript in the near future  
☒ Maybe, this is something I will be discussing more with my faculty sponsor  
☐ No, I do not plan to publish any details related my project

### Abstract Information

\* Presentation Format: Poster

Abstract Title:

Please enter the title of your presentation below exactly as you would like it to appear in conference materials. Include appropriate use of italics, accents, superscripts, subscripts, and special characters for your discipline. **Use Title Case** – capitalize the first letter of all proper nouns and words with four

or more letters. Titles are limited to 200 characters. **This title is FINAL** – there will be no opportunity to make edits once it is approved by your faculty sponsor.

Memes and Motion: How Stereotype-Related Images Influence Physical Performance

#### Abstract Information:

Please enter the abstract of your presentation as a single paragraph with the text exactly as you would like it to appear in conference materials. Include appropriate use of italics, accents, superscripts, subscripts, and special characters for your discipline. Check that your abstract is a **single-spaced single paragraph** before submitting. **Do not include headings** (e.g. "Introduction" or "Methods"). **Do not include citations.** Your abstract must be between 150 and 200 words. **This abstract is FINAL** – there will be no opportunity to make edits once it is approved by your faculty sponsor.

<b>B</b>	<i>I</i>	<u>U</u>	$\times^2$	$\times_2$	$\Omega$	$\equiv$	$\equiv$	<>	?
----------	----------	----------	------------	------------	----------	----------	----------	----	---

Can something as simple as a meme impact the way a person moves? In a world where stereotypes are frequently communicated through memes, our study investigates how these subtle messages can influence physical performance. While memes are often dismissed as trivial, they may reinforce or challenge stereotypes about men's and women's physical prowess, potentially shaping real-world behavior. To examine this, participants were shown a randomly assigned stimulus—either a stereotype lift, stereotype threat, or a neutral control image (Control = 90, Threat = 93, Lift = 97). They then completed the Bruce Protocol Treadmill Test while their movement was recorded using an accelerometer. This device captured motion across three dimensions: forward, backward (x), vertical (y), and sideways (z).

#### Team Presenters

Will you be presenting as a member of a team? ☐ Yes ☒ No

#### Faculty Sponsor

To add a faculty sponsor, type the faculty sponsor's name or email into the **Find Faculty** field. Select the faculty sponsor's name from the list and the faculty information fields will be populated.

Once you have selected a faculty sponsor you may select the **Faculty Degree** information.

Your sponsor must be a UC Davis faculty member. Please do not include graduate students, postdoctoral fellows, or staff members. If you have any questions about the eligibility of your sponsor please contact the URC at [urc@ucdavis.edu](mailto:urc@ucdavis.edu).

Find Faculty:

**First Name:** Jorge

**Middle Name:** Felipe

**Last Name:** Pena

**Email:** jpena@ucdavis.edu

**Department Name:** COMMUNICATION

**School Name:** LS: SOC SCI

**Faculty Degree:**

Ph.D.
